

# Journal of Advanced Agricultural Technologies

## CONTENTS

---

### Volume 4, Number 1, March 2017

#### Agricultural Production & Environment

Change of *Lactobacillus* in Cabbage and Radish Caused by the Change of Soil: Quality Hindrance of Kimchi and the Solution to It ..... 1

*Alberta Yoo*

Sugar Production Potentials of Some Sweet Sorghum Hybrids Cultivated in Heavy Metals Polluted Soil ..... 12

*Teodor Vintilă, Adrian N. Trulea, Nicolae Popa, Daniela Vintila, and Georgeta Pop*

Evaluation of Yield Components on *Capsicum* spp. under Two Production Systems..... 18

*Sorapong Benchasri, Sakunkan Simla, and Sirikan Pankaew*

Chemistry and Microstructure of Surface Peat Soils: Implications of Pineapple Cultivation..... 23

*Nur Qursyna Boll Kassim and Adzmi Yaacob*

Residual Effect of Biochar on Growth and Yield of Red Chili (*Capsicum Annum* L.) ..... 28

*Erwin I. Wisnubroto, Wani H. Utomo, and Eko R. Indrayatie*

Global Warming and Maize ..... 32

*Gil Ebru Orhun*

The Effect of Zinc and Humic Acid Applications on Yield and Yield Components of Sunflower in Drought Stress..... 36

*Hamid Hatami*

#### Agricultural Management and Assessment

Food Traceability and Safety: From Farm to Fork – A Case Study of Pesticide Traceability in Grapes..... 40

*Dineshkumar Singh, Srinivasan Karthik, Siddhesh Nar, and Divya Piplani*

The Variation of Indigenous Upland Rice Landraces in Ratchaburi, Thailand Based on Seed Morphology and DNA Sequencing ..... 48

*Prin Phunnngam, Nichakorn Pathumrangsan, Natnaree Khambai, Jaruwat Tongjun, and Uraiwan Arunyawat*

Characterization of Essential Oils from Tuberose Flowers Waste (*Polianthes tuberosa* L.) ..... 53

*Arita D. Nugrahini, Aisyah L. Ristanti, and Jumeri*

Effect of Chemical and Mechanical Weed Control on Cassava Yield, Soil Quality and Erosion under Cassava Cropping System ..... 57

*Titiek Islami, Erwin I. Wisnubroto, and Wani H. Utomo*

Agronomic Evaluation of Mechanical and Chemical Weed Management for Reducing Use of Herbicides in Single vs. Twin-Row Sugar Beet..... 62

*Meisam Zargar, Elena Pakina, and Petr Dokukin*

Empowerment Agent through Islamic Value in Preventing Palm Oil Plantation Fires Based on Public Participation.....	68
<i>Akbarizan, Fitra Lestari, Hisbun Nazar, Sri Murhayati, and Mawardi</i>	
<b>Animal Biochemistry</b>	
Chemical Composition and Antioxidant Activities of Catfish Epidermal Mucus .....	73
<i>Nurul Mariam Hussin, Sharifudin Md. Shaarani, Mohd Rosni Sulaiman, Abdul Hamid Ahmad, and Charles S. Vairappan</i>	
<b>Food Science and Engineering</b>	
Effect of Freeze Dried Protein Hydrolysate from Yellowstripe Scad ( <i>Selaroides Leptolepis</i> ) in Reducing Oil Uptake in Fried Seafood Product.....	78
<i>Hau Eng Huan, Mohamad Khairi Zainol, and Zamzahaila Mohd Zin</i>	
Evaluation of Buckwheat ( <i>Fagopyrum esculentum</i> ) Intrinsic Phytase Activity to Improve Phosphorus Availability in Broilers .....	82
<i>Rakhi Chowdhury, Mustanur Rahman, and Katsuki Koh</i>	
Yield of Carotenoids, Phenolic Compounds and Antioxidant Capacity of Extracts from Gac Peel as Affected by Different Solvents and Extraction Conditions .....	87
<i>Hoang V. Chuyen, Xuan T. Tran, Minh H. Nguyen, Paul D. Roach, Sophie E. Parks, and John B. Golding</i>	
<b>Agricultural Biotechnology</b>	
Mass Propagation of <i>Lagenaria siceraria</i> through <i>in Vitro</i> Culture .....	92
<i>Nor A. Hasbullah, Mohammad M. Lassim, Muhammad A. Mazlan, Siti Z. Lood, and Muhamad A. Mohamed Amin</i>
